ANTI-AGING MEDICINE WORLD CONGRESS & MEDISPA

7th Edition

Aesthetic Dermatology and Surgery, Anti-Aging and Well-Being Medicine

"GLOBAL AGING MANAGEMENT"

MONTE-CARLO
Principauté de Monaco

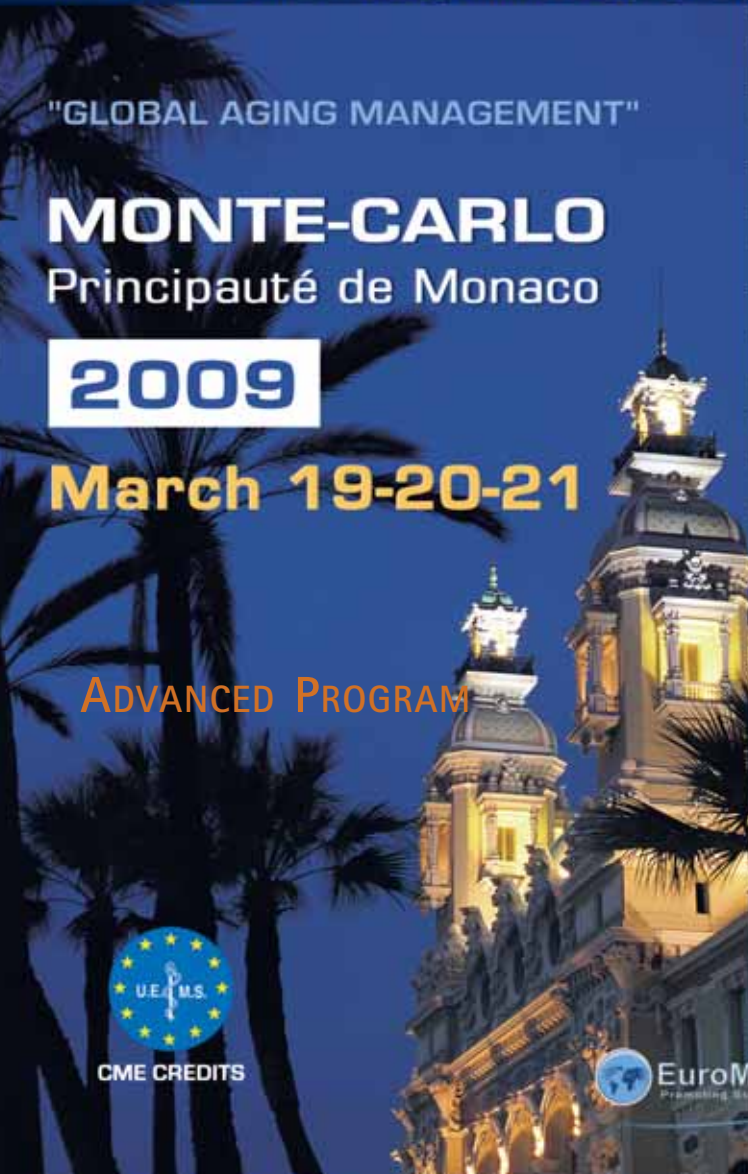

2009

March 19-20-21

ADVANCED PROGRAM

CME CREDITS

WELCOME TO THE 7TH ANTI-AGING, AESTHETIC MEDICINE & MEDISPA WORLD CONGRESS 2009

*Under the High Patronage of S.A.S.
Le Prince Albert II de Monaco*

Dear Colleague, Dear Participant,

On behalf the Organizing Committee, it is a great privilege to invite you to participate in the 7th Anti-Aging Medicine World Congress in Monte-Carlo from March 19 to 21, 2009, to be held under the High Patronage of S.A.S. Le Prince Albert II de Monaco.

The Anti-Aging Medicine World Congress Scientific Committee has invited the most distinguished array of International Experts in Anti-Aging Medicine and Aesthetic Surgery and Dermatology, to share with you during 3 days, latest information and techniques on these fields.

Considering the expectation of the public for safe therapies to look and feel better and younger, an important new approach of the AMWC 2009 resides in providing an important part to educational transversal sessions for an effective Well-Being medicine, combining SAFE Anti-aging practice with non-invasive aesthetic techniques.

This will also offer the basis for the physicians from Aesthetics, General Practice and other Specialties, to provide efficient and safe therapies aiming to prevent aging, avoid pathologies and make people who are already healthy, "healthier".

Following last year success, a new Lottery Prize with 8000 euros value and many other prizes will be proposed to the participants during the congress. Do not miss the drawing of lots on TEOXANE booth on Saturday March 21 at 4.00 pm.

We would like to express as well our thanks to the Medical Companies and manufacturing industry for their continuous support and increasing participation to the AMWC meeting.

Highlighting the event, it will be our pleasure to welcome the delegates to the splendid "Salles des Etoiles" of the Monte-Carlo Sporting Club for an unforgettable Gala Dinner and Show on Saturday evening.

We wish that you will enjoy the Congress and that your interaction with your colleagues from so many different countries will stimulate a creative exchange of ideas and will be personally rewarding.

We also hope and trust that you will enjoy your visit to the very exclusive and exciting Principality of MONACO!

Very Sincerely Yours,

The Organizing Committee

INTERNATIONAL ACCREDITATION: 15 CME CREDITS

The AMWC is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Please check the website for any further information: www.uems.net. The AMWC is designated for up to 15 CME credits. **In Europe**, this accreditation concerns all the specialists, who should turn to their national authorities in order to validate the CME points in their home European countries. **In America**, EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, contact the AMA through their website: www.ama-assn.org. At the end of the conference, you will receive your Certificate of Attendance. **In France**, AMWC is accredited by the Société Française de Chirurgie Plastique, Reconstructrice et Esthétique (SOFPCRE). For more information: www.plasticien.org

FILLERS SYMPOSIUM – ALL ABOUT THE FILLING AGENTS

- The science of Hyaluronic acid
- Poly lactic acid: When, why and how?
- Calcium hydroxylapatite: When, why and how?
- What's new in filling agents for the body?
- Is it reasonable to use permanent agents in aging skin?
- Complications of fillers: Clinico-pathological aspects and treatments
- Hyaluronidase: How I use it? Which one and which indications?

FILLERS SYMPOSIUM – SOFT TISSUES ENHANCEMENT

- The aging face: How to analyze the volumes changes?
- Broad rejuvenation of the face with fillers
- Injectable orbital rejuvenation
- How I enhance the lips?
- How I enhance the nose with fillers?
- Large volume facial rejuvenation

ORBITAL REJUVENATION AND RESHAPING

- The look: An essential vector of the identity and youthfulness
- How to prevent eye and periorbital ageing: Efficiency of Chinese and Occidental medicine
- Aesthetic blepharoplasty: State of the Art
- Oculoplastic management of dark circle and wrinkles
- How to treat the peri orbital apparent vessels?
- The eye brow in a real state
- How to avoid complications of injections and other techniques in this area?
- What's new in liposstructure of the face?

BOTULINUM TOXIN SYMPOSIUM

- What you must know about anatomy before injecting (video)
- Review of all Botulinum Toxins: Products, data and trials
- Uses of Botulinum Toxin in Asian people
- Treating the upper face
- Treating the lower face
- Hyperhidrosis and unusual uses of Botulinum Toxin (bruxism, etc.)

NON ACADEMIC AESTHETIC TREATMENTS WITH BOTULINUM TOXIN – "ASIAN STYLE"

- BT injections in jaw and masseter
- Midface lifting with peri auricular BT injections
- Calf reduction by BT injections
- How to enhance breast, buttocks and arms with BT injections

EXPERT TO EXPERT INTERACTIVE SESSION* – CLINICAL CASES

- Filling the face – 3 cases
- Filling the lips – 3 cases
- Botulinum Toxin – 3 cases
- Votes & discussion
- Laser treatments – 3 cases
- Chemical peels – 3 cases
- Hand rejuvenation – 3 cases
- Votes & discussion

Audience
Direct Vote***LIPS ENHANCEMENT AND PERIORAL REJUVENATION**

- Anatomy of the peri oral area and clinical implications (video)
- How to create beautiful lips with volumetric techniques
- Treatment of the corner of the mouth
- Correction of upper lip wrinkles with Botulinum Toxin and hyaluronic acid
- How and where to inject the lips according to the indication?
- The best peri oral skin rejuvenation techniques

CONTROVERSIES IN AESTHETIC DERMATOLOGY AND SURGERY

- Does the endoscopic surgery keep a place compared to Botulinum Toxin?
- Are large deep injections of fillers going to replace fat grafting?
- Is Macrolane™ going to replace prosthesis?
- Penis enlargement: Hype or reality?
- Does the baldness treatment still have any future?
- The pros and the cons about suspension threads
- Will nose aesthetic injections replace rhinoplasty?
- How to analyse an article and a lecture?
- Are hyaluronic acids all the same?

HAND REJUVENATION

- Hand injections of poly lactic acid
- Hand Rejuvenation with fillers and combined techniques
- Hand fat grafting
- "Soft" sclerotherapy of hand unwanted veins
- Arthrosis deformities of the fingers: Surgical functional and aesthetic solutions
- How to enhance the hand skin

BREAST REJUVENATION

- What are the criteria of beauty of the breast?
- Breast enhancement with hyaluronic acid vs lipomodelling
- When to prefer prostheses to the injection? And vice versa
- From moderate to severe ptosis: The best choice

EXPERTS' VIDEO CORNER

- The experts show you their techniques with commented videos

**FUTURE & INNOVATIONS – MARKET AND INDUSTRY**

- The evolution of the aesthetic market & new trends of the anti-aging market
- New generations of dermal fillers for the face and the body
- Cosmetic Botulinum Toxin, new developments: Products, data and trials
- Autologous cell engineering for hair regeneration therapy
- Adipose tissue engineering for an optimal filler
- Breast implant: A new gel generation available
- Laserlipolysis
- Nanotechnologies / Ionophoresis

COSMETIC PRACTICE AND MARKETING

- How to evaluate the psychological profile of patients before cosmetic procedures?
- Evaluation and management of patient's risks before a cosmetic procedure
- Advices to patients before and after a cosmetic procedure
- Which type of ambulatory practice I like and how to proceed?
- Which equipment for which practice?
- What we never learned through our studies: The main failures to avoid during consultation
- Advantages and traps of the Internet:
 - How to create your website?
 - How to deal with the forums when your name is negatively quoted?

RESURFACING THE SKIN

- TCA peel: Well-known, cheap and very effective
- Phenol peel: Is it always up to date?
- Combined peels: A good solution for many problems
- Use of CO2 laser: Old and newest technologies
- Use of Erbium/Yag laser: Old and newest technologies
- How to resurface Asian skin?
- Fractional laser resurfacing: Fractured hopes or the real deal?

ENHANCING THE SKIN

- Mechanisms and clinical signs of aging skin
- Biological effects of sub-erythral doses of UVA
- A novel approach of photo-protection
- Cosmeceuticals: What's new?
- Face's pigmentation: How to improve it?
- Vitiligo: New insights and latest treatments
- How to treat red faces?
- Mesotherapy: What I like to do!
- Which laser for which results?
- IPL and rejuvenation
- LED: Present and future expectations
- Non ablative laser and skin tightening
- Fractional ablative and non-ablative laser resurfacing
- Radiofrequency: From science to clinical outcomes
- I2PL and photodynamic therapy
- How to enhance high phototype skins?

NEWEST TECHNOLOGIES IN LASERS AND LIGHTS THERAPIES

- Vascular lasers/IPL treatments:
 - PDL alone or combined with 1064 nm
 - I2PL vs PDL
- Hair removal laser/IPL treatments:
 - Where and when long pulse Yag laser?
 - Where and when Alexandrite laser?
 - I2PL: A good choice to treat all phototypes?
- Fractional technologies:
 - The rebirth of CO2 laser
 - Erbium Yag laser with variable pulse-widths
 - What's new in Q-switch Yag laser?
 - What's new in Q-switch Alexandrite laser?
- Pigmentary lasers:

FAT AESTHETIC TREATMENTS

- The lymphatic system in the development of cellulite
- How to treat cellulite? Overview of the latest techniques
- Possibilities to treat cellulite with Phosphatidylcholine
- How to treat disgracious small fat deposits by injections?
- How to treat disgracious lipodystrophies by liposuction?
- How to treat disgracious fat deposits by laser lipolysis?
- Minisymposium on radiofrequency
 - Unipolar vs multipolar
 - Unipolar vs combined RF with IR
- Minisymposium on laserlypolysis
 - Nd:Yag laser vs diode laser
- Minisymposium on chemical lipolysis
 - Phosphatidylcholine vs deoxicolate
 - PPC vs PPC plus ultrasounds
- Minisymposium on aesthetic treatments
 - Carboxytherapy vs mesotherapy
 - Mesotherapy vs no-needle mesotherapy
 - Ultrasounds (high intensity) vs US + RF
- Minisymposium on surgical procedures
 - Liposculpture with ultrasound vs liposculpture with vibration cannula
- Minisymposium on cellulite and hormones

CONTRIBUTING LECTURES**+ 40 AESTHETIC WORKSHOPS WITH LIVE DEMOS**

Aesthetic Workshops will be proposed by leading companies, with latest techniques of Dermal Fillers, Botulinum Toxin, Laser Technologies, Chemical Peels, Mesotherapy, Carboxytherapy, and more... LIVE DEMONSTRATIONS BY RENOWNED EXPERTS

ADVANCED SESSION – ANTI-AGING, PREVENTIVE AND LIFESPAN MEDICINE LIFESPAN MEDICINE

- ♦ The reality of anti-aging medicine to prolong lifespan
- ♦ Toxic vitamin A and E and carotene: What went wrong in the studies
- ♦ Thyroid hormone supplementation linked to cancer and a shorter life
- ♦ Growth hormone studies associated with a shorter life

PRACTICAL ADVANCED SESSION – ANTI-AGING, PREVENTIVE AND LIFESPAN MEDICINE HORMONE THERAPY FROM THE LEADING EXPERTS – THE HOW TO DO

Part 1

- ♦ Thyroid – When and how ?
- ♦ Testosterone in men – When and how ?
- ♦ Estradiol & Progesterone – When and how ?
- ♦ Testosterone in women

Part 2

- ♦ Pregnenolone – When and how ?
- ♦ Melatonin – When and how ?
- ♦ DHEA – When and how ?
- ♦ Growth Hormone – When and how?

PRACTICAL SESSION: WELL-BEING MEDICINE (OPTIMAL HEALTH)

HOW TO ORGANISE YOUR OPTIMAL HEALTH CONSULTATION

- ♦ Basic tests to do for an efficient Anti-Aging practice?
- ♦ The important genotyping test to do? When and how to use them? (Colon – Prostate – Breast – Cardiovascular)
- ♦ Nutrition – The easy diets to propose for most cases
- ♦ Nutrients and Vitamins – The current efficient and safe combinations
- ♦ Hormone therapy bases – The safe hormone therapies to improve your patients health

ADVANCED SESSION – ANTI-AGING, PREVENTIVE AND LIFESPAN MEDICINE

LATEST ADVANCES IN STEM CELLS TRANSPLANTATION AND MOLECULAR MECHANISM OF AGING AND CANCER

- ♦ The basics of stem cell biology and the origin and fate of prostate cancer stem cells
- ♦ The origin and fate of breast cancer stem cells
- ♦ Challenges in targeting cancer stem cells: Lessons from Leukemia
- ♦ The molecular stem cell markers useful to test before and to monitor after allogeneic stem cell transplantation
- ♦ Pathogenetic importance of MicroRNA in cancer development
- ♦ DNA damage and IGF1 control of life span
- ♦ Regulation of Aging by p53
- ♦ Modulation of Aging & healthspan by MicroRNA

ADVANCED SESSION – ANTI-AGING, PREVENTIVE AND LIFESPAN MEDICINE

DIETARY MODIFICATION AND GENOTYPING FOR CARDIOVASCULAR RISK, METABOLIC SYNDROME AND DIABETES

- ♦ How CoQ10 & n-3 PUFA affect cardiovascular health
- ♦ Statin vs CoQ10 – The true story
- ♦ Optimal diet for our heart – Practical advices
- ♦ East meets West in Diabetes genes
- ♦ CLOCK Genes and Diabetic Risk
- ♦ Preventive Genetics for metabolic syndrome – A coming reality
- ♦ Genetic Polymorphism Interleukin – 6 Receptor SNP and metabolic syndrome

PRACTICAL TRANSVERSAL SESSION: WELL-BEING MEDICINE (OPTIMAL HEALTH)

HOW TO COMPLETE PATIENT'S EXPECTATIONS BETWEEN 38 TO 65

- ♦ The safe treatments to improve sexuality in men and women (including hormones)
- ♦ How to provide a good program to reduce "belly" and overweight
- ♦ Safe therapies to feel younger and stronger – Expert "boosting recipes"
- ♦ The efficient treatments for the memory
- ♦ How to prevent or reduce neurodegenerative diseases risk, like Alzheimer and memory loss
- ♦ How to treat baldness, an overview of latest techniques
- ♦ Prevention and treatment of presbyopia, the Chinese anti-aging way
- ♦ Mesotherapy for presbyopia: The French way to treat

ADVANCED SESSION – ANTI-AGING, PREVENTIVE AND LIFESPAN MEDICINE

ANTI-AGING MEDICINE, HORMONE TREATMENTS AND CANCER RISK

- ♦ My journey with a brain cancer
- ♦ Hormones, vitamins and breast cancer
- ♦ The method of Hans Nieper (+1998) – Physic theory to treat patients
- ♦ Immunity and cancer
- ♦ The future of oncology

PRACTICAL ADVANCED SESSION

PRACTICAL STRESS MANAGEMENT – PSYCHOLOGY

- ♦ What is stress?
- ♦ Foods that reduce stress
- ♦ The neurotransmitter that reduce stress
- ♦ Practical techniques that immediately reduce stress
- ♦ Effects of stress on aging
- ♦ Techniques in modifying the stress response
- ♦ Appearance and self esteem

PRACTICAL SESSION – WELL-BEING MEDICINE (OPTIMAL HEALTH)

A SAFE APPROACH TO IMPROVE QUALITY OF LIFE

- ♦ How to deal with patients fear for hormones?
- ♦ The precaution in hormone therapies – Studies
- ♦ The hormones to use, the ones to avoid
- ♦ For a safe practice, the "Hormetic" approach
- ♦ Safe new exercise to improve quality of life (based on NASA techniques for astronauts)

CONTRIBUTING LECTURES

- ♦ Foetal programming and dichotomy for age associated non communicable diseases : is prevention feasible ?
- ♦ From Space medicine to anti-aging Interventions
- ♦ Fertility from an anti-aging perspective. Conception after 35
- ♦ The world misconception and misbehaviour towards helicobacter pilori is leading to major spread of illness
- ♦ Autologus master stem cell in anti-aging therapy
- ♦ Additional lectures to be announced

Official Launching of the World Medical Spa Association – "WORLDMEDISPA" PRESENTATION OF THE GOALS, TOOLS AND MARKET PERSPECTIVES

CREATING THE PERFECT MEDICAL SPA

- ♦ The hardware: Architecture, signature treatments, engineering, Management, operation, type of Medispas...
- ♦ The software: Medical knowledge which is essential for the perfect Spa, the idea of personalized health, which diagnostics and therapies...
- ♦ The products: Innovative products for medical Spa, platform for companies in discussion with physicians and scientists...
- ♦ The think tank: Discussion between investors, builders, developers, physicians, scientists in a think tank situation

THE PROCEDURES TO PROPOSE

- ♦ Cosmetic treatments and body care
- ♦ Well-Being medicine
- ♦ Aesthetic Medical treatments
- ♦ Anti-aging, Preventive and Life Span medicine
- ♦ Other medical holistic approach

CONGRESS LOCATION

The Principality of Monaco is located on the French Riviera, about 25 minutes from Nice. Its exceptional location allows it to enjoy 310 days of sunshine per year. Monaco's exceptional location, between mountain and sea, its gardens, its entertainment, its athletic and cultural events all qualities which make it an unforgettable destination.

VISA INFORMATION AND OFFICIAL LETTERS OF INVITATION

The passport and visa requirements for persons visiting Monaco as tourists are the same as for France. For further details, contact any French consulate in your country. Official letters which may be necessary in some countries for administrative reasons (VISA) will be issued upon request (see registration form). You can also log on www.euromedicom.com to get your invitation letter by e-mail.

EXHIBITION

Over 6500 m2 exhibit (250 exhibiting companies) of interest in Aesthetic Dermatology and Medicine, Plastic and Cosmetic Surgery, Anti-Aging Medicine, Nutrition, Well Being, Medical Spa, etc. will be on permanent display.

AIR TRANSPORTATION

IDENTIFIER CODE: 06655 - Valid for travel from **14/03/2009** to **26/03/2009**

The airlines of **SKYTEAM**, Official Alliance Network for our event, offer attractive airfares for participants. SKYTEAM comprises 10 leading international airlines: Aeroflot, Aeromexico, Air France, Alitalia, Continental, CSA Czech Airlines, Delta, KLM, Korean Air, Northwest Airlines, serving 728 cities in 149 countries with over 15 000 flights daily. To benefit from these special offers, link up with www.skyteam.com/globalmeetings and quote the Identifier Code. Through this site you can also access the schedules of all SkyTeam partners to plan your flights on the airline of your choice.

AIR FRANCE: Discounts are applied to a wide range of airfares, in all classes of travel (Espace Première [First], Espace Affaires [Business] and Tempo [Coach]) on all flights of the Air France worldwide network. To access the preferential fares granted for this event, use this link: www.airfrance-globalmeetings.com. This present document of the event serves to justify the application of the preferential airfare. Keep it with you as you may be asked for it at any point of your journey. To locate your nearest Air France sales point, consult: www.airfrance.com

LANGUAGES - SIMULTANEOUS TRANSLATION

The official congress languages are English and French.

Simultaneous Translation in **French, English, Spanish, Italian** and **Russian** will be provided in the 2 main rooms. French/English in the other rooms.

"AMWC 2009 GRAND PRIX" LOTTERY

An entertaining **LOTTERY**, will offer the participants of the **AMWC 2009** the possibility to win two journeys of respectively 5000 euros and 3000 euros and many other prizes (like full supported Congress Packages including hotel and registration).

WOSAAM MEETING: Open to Medical Scientific Societies and Associations Representatives

The **WOSAAM - World Society of Anti-Aging Medicine** will organize a private meeting for representatives of all medical national and International scientific associations involved in the field of **Well-Aging medicine**.

This meeting will take place during the Anti-Aging Medicine World Congress 2009 on **Friday March 20th** at the congress place.

IMPORTANT: To join this private meeting it is necessary to be the President or an officially mandated representative of the medical or scientific Association. To get your **INVITATION**, please send your request and personal information by fax: **+331 56 837 805** or email: contact@wosaam.org.
